

KELOWNA ALL SET TO WELCOME TEAM

TARTANS IN STYLE

Poet Robert Burns was the toast of Kelowna Friday night as hundreds joined in the traditional Burns Night supper. Gay tartan sashes were sport-

ed by those who waited on tables at the United Church hall, and Nancy Cann and Jean Appleton are pictured above as they adjust their broad rib-

bons. Below, Canadian Legion piper Jim Arthur helps pipe in the haggis.—(Courier staff photos)

"TAK A CUP" — WI' SHAMROCKS

The Irish got into the act during Friday's Burns Night supper at the United Church hall.

Amid such Gaelic delicacies as haggis and oat cakes, sat paper cups of ice cream.

The containers were colorfully printed and gaily-festooned—with shamrocks.

But the 450 Scots and temporary Scots ate on—while Robbie Burns probably rotated rapidly in his grave.

Bevan Shows Improvement

LONDON (AP)—Aneurin Bevan, who had hovered near death for three days, woke up this morning and told his nurse "I feel very much better."

A hospital bulletin on the 62-year-old deputy leader of the Labor party said he showed "some improvement" in his fight against the aftermath of a major abdominal operation.

Doctors at the Royal Free Hospital where Bevan underwent surgery for an undisclosed ailment Dec. 29 told reporters: "Mr. Bevan has had a very good night, in fact one of the best nights he has had since he has been in the hospital."

The white-haired Welshman, whose fiery spirit and fierce oratory lifted him from the drudgery of coal mining to the top ranks of British politics, sank to a dangerously weak level Wednesday night.

ONLY "SELECTS" GOOD ENOUGH FOR OUR RUSSIAN VISITORS

PENTICTON (CP)—Russian hockey players will receive bags of carefully selected Okanagan apples when they pass through here Sunday on their way to Kelowna for an exhibition hockey game Monday.

A staff at the Penticton Co-Operative Fruit Growers Association is culling thousands of apples, choosing the best and polishing them.

Moscow Selects, on an exhibition tour of Canada, land here then take a bus to Kelowna.

The players will also receive special souvenir folders which will contain, among other things, a picture of the Penticton Vs hockey club that defeated Russia in the world championships of 1955.

There will be an extra folder for delivery to Premier Khrushchev.

Entombed Miners May Yet Be Alive

COALBROOK, South Africa (AP)—Word that fresh air was reaching the area where 440 coal miners are entombed 600 feet below ground spurred fresh efforts today by rescue teams hacking through a wall of debris almost a mile thick.

While teams spelled each other in a round-the-clock battle to reach the trapped men, some workers on returning to the pithead brought reports that fresh air was blowing toward the enclosed section across the rubble barrier.

Veteran miners said that if the trapped men were not killed in the two rock falls that sealed them underground Thursday, there was a glimmer of hope some might survive.

They expressed belief that the men would not perish from thirst or hunger. Water seeps continuously through the rock walls and 45 horses still trapped with the men could provide food.

One miner estimated that the men—six white and the rest Negro workers—could stay alive for three months.

Thirty pit ponies were brought to the surface this morning. Res-

cue workers said if the ponies could live in the area where the

miners were trapped, so could the men.

There is little chance of reaching the men soon, however, as gas pockets, rising water levels and new rock falls have threatened the rescue workers and hampered their efforts.

Kelowna British Columbia Saturday, Jan. 23, 1960 Page 2

Boer War Veteran C.W. Little Dies

VERNON (Staff)—Veteran of the Boer War, Charles William Little of Vernon died here this week at the age of 83. He was the father of Fire Chief Fred Little of Vernon and Ken Little, civil defence director for the city.

A blacksmith, Mr. Little served with the famous 13th Hussars of the British Army during the African campaign, coming to Vernon in 1903. He was employed as head blacksmith on the passenger boats which used to travel up and down the Okanagan Lake, the Sicamous and Okanagan.

After his retirement from the boats, Mr. Little was employed by the Vernon Fruit Union until his retirement through ill health in 1941.

Arriving in Vernon when it was still a small village, Mr. Little was accompanied by his brother Arthur, who still lives in Coldstream.

He is survived by his wife, Sarah, and another son, Charles of Calgary, who arrived in Vernon this morning, and seven grandchildren.

Funeral services will be held in All Saints' Anglican Church on Monday, Vernon Funeral Home is in charge. Interment will be in the family plot at Vernon Cemetery.

Palbearers will be well known residents of the city who have known Mr. Little ever since they

VERNON (Staff)—Is Vernon to become the winter sports paradise of the Pacific Coast region?

That question is to be decided next Tuesday when a meeting of the Vernon Civic Committee will be held in the city.

Preliminary ideas submitted to a fact-finding committee would pattern it after the famous Quebec City Carnival which starts its sixth annual run in Quebec at the Coliseum Feb. 13.

The carnival, which runs for two weeks, starts with the arrival of Bonhomme Carnaval, the only talking snowman in the world. "Bonhomme" inaugurates his huge ice palace which then officially starts the carnival rolling in high gear.

During the two weeks of festivities there are street dancing, selection of an ice carnival queen, who has seven duchesses as maids in waiting. The duchesses represent the seven different carnival sections of the city.

There is a dog derby with the

ONLY POSER

It is this type of carnival that Vernon civic organization have in mind, but their main problem to date has been the matter of economics and the ways and means to raise the money.

But the whole question if Vernon is to have a winter carnival will be resolved Tuesday.

And if the plans do go through, local merchants say it will mean a shot in the arm for the area and the tills will be ringing with the tourist money.

Four Gov'ts To Present Briefs On Transport

OTTAWA (CP)—More than 15 organizations—including all four provincial governments—have indicated they plan to present briefs to the royal commission on transportation when it tours Western Canada, it was learned today.

The commission will likely conclude its hearings of the CPR, CNR proposal for a federal subsidy on export grain rail shipments early next week.

It will then adjourn until the start of the western itinerary Feb. 8 in Winnipeg. The schedule includes sessions at Regina, Edmonton, Victoria and Vancouver, ending Feb. 24. A session at the Lakehead will likely be worked in later.

Chambers of commerce or boards of trade at Winnipeg, Brandon, Saskatoon, Lethbridge and Vancouver have indicated they plan to present their views

SEARCH FOR SOLUTION

The commission, set up last May, is supposed to come up with a remedy to railway ills. The two major railways say their biggest sore spot is the statutory level on western grain moving to export points at the Lakehead, the Pacific coast or Churchill, Man.

But Prairie spokesmen, staunch guardians of the low rate level as the backbone of Western Canada's farm economy, have argued before the commission that local troubles have to be considered along with the grain problem.

They point to alleged passenger deficits, uneconomical branch lines, low agreed charges and other factors as part of the whole matter. The commission has indicated it plans to frame its report to take them all in.

Garibaldi Park Luxury Resort Plans Dropped

VANCOUVER (CP)—Plans to develop a \$6,000,000 luxury resort at Garibaldi Park 50 miles north of here have apparently been dropped, it was learned Friday.

Garibaldi Development Company Ltd., which planned the development, was declared bankrupt in August. Its president, Adl F. Bauer of suburban West Vancouver has been in the United States.

The provincial government has threatened to withdraw easements and leases granted on Garibaldi Mountain unless surveys which should have been filed six months ago are filed Tuesday.

William A. Schram, assistant manager of the Canadian Credit Men's Trust Association, court appointed trustee of the bankrupt company, said Friday:

"There is not much we can do to get the scheme moving."

In December, 1958, Bauer and financial agents A. F. Austin and Company Ltd., announced they would build a six-mile aerial tramway—the world's longest—from near Squamish, 40 miles north of here, to the 6,000-foot level of the mountain.

There would be a luxury hotel with golf course, swimming pool, bobbed run and miles of skiing. A provincial government official said there is no indication that anything is being done and "the assumption is that the whole deal will collapse."

Runaway Heiress Put In Custody Of Brother

PARIS (AP)—A French judge today gave the custody of runaway heiress Gamble Benedict to her brother, Douglas, who came to Paris to take her back to New York.

Brother and sister—along with New York lawyer Robert Hoffman—have been planning to return from Paris to New York tonight.

After the judge's decision the 19-year-old girl and her brother were smuggled out of the Palace of Justice and took a taxi away from the building.

Miss Benedict's Romanian-born married boy friend, Andre Potembeau, was not present when the decision was handed down.

The young heiress was called to court by Judge Roland Levy. The court hearings was demanded by the Benedict family under a French law which allows a judge to intervene if he feels the "health, education or danger" of a minor are endangered.

PRAIRIE BRIEFS

REGINA (CP)—Thirty-three refugees—10 of them suffering from tuberculosis—arrived here by plane Thursday night from camps in Europe. They are part of a group of 100 TB patients and their families being brought to Canada in a World Refugee Year program. The patients will be placed in a nearby sanatorium.

WINNIPEG (CP)—An interior brand of potatoes meant to be used only as seed for new crops is being imported into Manitoba and placed on the retail market as table potatoes, the Manitoba Vegetable Growers' Association said at its annual convention.

TEACHERS WANT RAISE
CALGARY (CP)—The Calgary public school board said Friday teachers are seeking a \$500-a-year basic increase in all wage categories.

SCISSORS MAKE MONEY
REGINA (CP)—Saskatchewan had a gross profit of \$50,000 on film censorship operations in the 1958-59 fiscal year. The money was made in fees charged distributors.

MURDER REMAND
EDMONTON (CP)—Patrick Thomas and Frank Dion, charged with murder in the back-lane beating death of Walter Roberts, were remanded to Jan. 29 Friday.

REWARDS OFFERED
EDMONTON (CP)—The Alberta Motor Association said Friday it will offer a \$50 reward for conviction of any person charged with theft of a member's car.

RELIEF MOUNTS
REGINA (CP)—Relief payments to Saskatchewan farmers with snowed-in grain now total \$3,500,000 the agriculture department said Friday.

PNEUMONIA DEATHS
LOS ANGELES (AP)—There have been 49 deaths in Los Angeles from pneumonia since an outbreak of Asian flu 11 days ago, city health officer Dr. George M. Uhl, announced here.

TWO POINTS
A controversial figure in local politics, Mr. Duke, when he ran for the 1960 board in the middle of December, said he was making two stipulations before he ran: one that village commissioners be paid and secondly that he have some opposition. At that time he said unless there was opposition he would not accept the chairmanship. He was nominated and was elected by acclamation.

James P. Tasker of Rockgas Limited was reported in favorable condition in hospital. He tried to stop the gas with his bare hands.

Officials said a truck backed into the tank, knocking a valve loose. Twenty-five families fled their homes as the leaking gas shot 12 feet into the air.

Firemen and police blocked off the area for about four hours while the gas was pumped from the tank.

B.C. ROUNDUP

\$17,500 AWARD
VANCOUVER (CP)—Chief Justice Sherwood Lett of the B.C. Supreme Court Friday approved a \$17,500 settlement of a claim against Pacific Western Airlines by the family of Mrs. Marjorie Ellen Cavers who died in a PWA crash at Port Hardy in June, 1957. The award was to the husband and two children of the dead woman.

UNHURT IN CRASH
KAMLOOPS (CP)—Robert Patrick of Westside, B.C., came out without injury Friday when his car was hit by a Canadian National passenger train at a nearby level crossing. Police said the car was demolished.

4-H CONFERENCE
KAMLOOPS (CP)—A 4-H leader conference will be held here Feb. 12-16 to discuss next year's actions.

UNEMPLOYMENT UP
KAMLOOPS (CP)—Unemployment is still on the increase in this city, but not at the same rate as last year. It was reported here. There were 1,623 registered as unemployed at the unemployment insurance office this week, 155 more than last week.

FIRE LOSSES TREBLE
KAMLOOPS (CP)—Fire losses in Kamloops during 1959 amounted to \$102,538.50, more than three times the loss in 1958. Figures show the biggest loss was the switch room of the British Columbia Power Commission which was \$60,000 after a fire last fall.

BRIDGE REPORT
NORTH VANCOUVER (CP)—The old Second Narrows bridge here earned more than \$600,000 in 1959. The bridge is operated by

Burrard Inlet Tunnel and Bridge Co., with the City and District of North Vancouver, City of Vancouver and West Vancouver its principal shareholders. The firm's annual meeting will be held today.

BIG YEAR
VANCOUVER (CP)—Projects valued at more than \$6,000,000 were started during 1959 by the Greater Vancouver Sewerage and Drainage District, commissioner Theo V. Berry said in his annual report. Major projects included the \$4,000,000 Highway Tunnel to carry sewerage to a treatment plant on Jona Island and first stage of a \$2,700,000 West Vancouver sewer service program.

ALTERNATE CHAIRMAN
VANCOUVER (CP)—Alfred Halford Wilson Thursday was appointed by Mayor Tom Alsbury of Vancouver as alternate chairman of the city's board of administration. Selection came after much fencing among the entire city council during which it was decided to review the alternate chairman's duties.

TROPHY WINNERS

Two Penticton high school students walked off with the J. R. Stirling Memorial Trophy, emblematic of best fruit judging. Cup was awarded the youths at the annual banquet for delegates attending the BCFGA convention held in the Peach City this week. James Campbell (centre) agricultural instructor at Penticton High School, is shown admiring the cup with Alphonse Senger, (left) and Fred Alexander, (right). The Senger family formerly resided at Rutland. —(Penticton Herald photo)

PM Proposes To Loosen Constitutional Ties Again

OTTAWA (CP)—After 10 years, former Liberal government to find methods of agreement. Spokesmen believe he meant Quebec, which, though least English, has been most British.

ST. LAURENT TRIED
In January, 1950, former Prime Minister St. Laurent called a meeting of the provincial premiers to study the constitutional question. A committee of attorneys-general of the provincial and federal governments was formed to try to reconcile the different points of view.

It was suggested the British North America Act's 140 articles be classified under six headings: Articles concerning only the federal Parliament; articles concerning only the provincial legislatures; articles concerning the federal government and one or more, but not all, the legislatures; articles interesting all governments; articles dealing with fundamental rights and articles which should be cut out.

The attorneys-general met again in August, 1950, and after a three-day meeting called a new conference of prime ministers to be held in Quebec City.

COULDN'T AGREE
The Quebec meetings revealed only that the provinces could not agree on the classification of the articles.

Ontario and Quebec, for example, wanted the article on civil rights and property considered as concerning the provinces, while Alberta and Saskatchewan wanted them considered as interesting the federal government as well.

Quebec's late Premier Maurice Duplessis proposed that a new Canadian constitution be promulgated immediately, and former premier John B. McNair of New Brunswick expressed similar views.

SOUGHT TREATY
Mr. Duplessis proposed that instead of being simple legislation, which is subject to amendment by later legislation, the Canadian constitution be a treaty, or a convention.

The meeting ended indecisively with a resolution that it be reconvened after the federal-provincial fiscal conference that December. But after the conference, Mr. St. Laurent announced that the constitutional talks would be suspended while the fiscal agreements and related questions were being discussed.

The question was never again officially taken up.

Observers feel Mr. St. Laurent will have a hard time if he revives it.

WORLD BRIEFS

SECOND TRAGEDY
LYNN, Mass. (AP)—James Jones and his wife, who buried their 20-year-old son Friday morning, suffered another blow that night when their youngest son Archibald, 18 months was burned to death in his crib when a portable oil heater in the infant's room exploded. The rest of the Jones family was downstairs still mourning the death of Herbert Jones, who died last Sunday at Parris Island, S.C.

GRAHAM CRUSADE
NEW YORK (AP)—Evangelist Billy Graham will hold a "Spanish-American crusade" here next fall, the Protestant council of New York City announced Friday. Graham now is in Africa on an evangelistic tour. His eight-day crusade here Nov. 6-13 will be directed especially at the city's Puerto Rican population.

SUES FOR DIVORCE
SANTA MONICA, Calif. (AP)—Douglas Shearer, Montreal-born movie sound executive, has been sued for divorce by Mrs. Ann C. Shearer, who alleged mental and physical cruelty. He is 60, Mrs. Shearer 56. They have been

married 27 years and have two adult children.

TAX TROUBLES
LOS ANGELES (AP)—The United States government has sued the singing Andrews sisters for \$230,424.22 in back taxes. District Attorney Laughlin Waters Friday said the taxes are due for the years 1949 through 1953 from Patricia, Laverne and Maxene Andrews.

ACTRESS INJURED
PARIS (AP)—French movie star Danielle Darrieux was slightly injured Friday when a car in which she was riding overturned. She was taken to hospital, but officials said her condition was not serious.

SINGER MOBBED
SYDNEY, Australia (Reuters)—Some 700 screaming teen-agers—most of them girls—broke chairs, overturned signs and pushed down music stands in a wild effort to get near American rock 'n' roll singer "Crash" Craddock here today. Hundreds of fans rushed a department store when Craddock arrived to do a radio show.

WHERE DID THAT PUCK GO?
Packers' defenceman Orv Lavey falls to the ice with Vernon Canadians Frank King in an attempt to guard Kelowna Art Lariviere. Meanwhile Lariviere, who played a stout game, holds puck tight against net. The game wound up in a 3-3 tie after 10 minutes overtime. Vernon meets Kelowna here tonight. Forms Not Yet Returned To District Horticulturist

J. A. Smith, supervising horticulturist for this area reports "several growers" have not yet completed their orchard survey forms to the district horticulturist.

Glenmore Group To Help School

GLENMORE—The Glenmore PTA group here will give a donation to the Sunnyvale School building fund.

This was decided recently during the monthly meeting of the group when they discussed the progress of construction of the new wing to the school.

A. L. Lynn, president, gave a report on the PTA border conference in Tacoma, Wash. Nov. 13 and 14.

The March meeting of the group will be held during Education Week, during which there will be a panel discussion on various educational systems in Canada and in other countries.

Annual Burns Night Here Proved Another Success

By MARGARET HAINES
Daily Courier Staff Writer

The birthday of Robert Burns, Scotland's national poet, was celebrated in a fitting and enthusiastic manner Friday night.

The ninth annual Burns' Night supper and concert was again sponsored by the AOTS Men's Club at the First United Church Hall.

Jim MacPhail welcomed a packed hall of Scots and their friends and the Selkirk Grace was said by Rev. R. S. Leitch.

The evening's chairman, Harry Mitchell, then announced the "March O' the Haggis," and all eyes were turned on the door as pipers Jim Arthur and Alex Bob Caldwell, holding the haggis high for all to see.

Dr. James Marshall gave the "address to the haggis" in a true Scots fashion. A truly sumptuous dinner followed prepared and served by the AOTS Club, help by CGIT and other members of the church.

Contributing to the success of the evening was the excellent playing of Murray Black on the accordion. Ernest Burnett, true to tradition sang one of the most beautiful of Burns' songs, "O' the Airts," followed by "My Heart is in the Highlands," and a moving tribute to Robbie Burns as an encore. He was accompanied by Fred Marriage.

The toast "to the land we left—and the land we live in" was proposed by Allan Gilroy in a most able and witty speech. Mr. Gilroy was lucky enough to be celebrating his own birthday as well as Robbie Burns'.

Mrs. Edythe Walker, then sang two beautiful numbers, "The Rowan Tree" and "The Auld Scotch Songs," accompanied by Mrs. Walter Anderson.

The next speaker, Don MacGillivray gave the toast to the lassies, in a delightfully light-hearted manner. Mrs. George Strachan replied for the lassies in a fitting manner.

The chief speaker of the evening was Alec Mathew, deputy speaker of the provincial house. He gave the toast to, "The Immortal Memory."

Mr. Mathew said the assembly had delayed its opening on Kelowna's behalf to enable him to attend the Burns Night here.

Previously the opening of the house had always clashed with this occasion. He followed these opening remarks with an inspiring speech, especially drawing attention to the "humanity of Burns." He quoted the famous words, "A man's a man for a' that," to remind us that finally it is individual men who count in the world.

The program was completed with Scottish songs, and as soon as the floor had been cleared, dancing began with true highland abandon.

The evening closed with Auld Lang Syne, and everyone went home feeling the memory of Robbie Burns is shining brightly in at least one corner of British Columbia.

Library Figures Jumped In 1959

Kelownians are steadily becoming bookworms according to readership statistics compiled in a year-end report at the Okanagan Regional Library.

The report shows this branch leads the valley cities in readership and also its circulation has jumped from the 1958 total by 12,865.

During 1958 readership totals here came to 120,740 compared with 133,605 for 1959.

Total registrations for the year came to 6,155 out of which 2,175 were juveniles.

Patron figures came second to Kelowna with a total of 72,480 and Vernon had 67,565 readers.

However, from the official files at the library it was found reading in general throughout the valley showed a definite increase in 1959.

14 Nominations To Board Posts

Kelowna Board of Trade is assured of a strong executive for the coming year.

At least this is indicated by the number of people who have consented to run for the directorate. A total of 14 businessmen are running for the eight-man executive.

The annual meeting will be held at the Royal Ann Hotel Wednesday at 6:15 p.m.

Nominations will also be accepted from the floor for the executive positions.

So far W. T. Buss and L. N. Leathley are the only nominees for the posts of president and vice-president respectively.

Those nominated for the directorate are J. W. Bedford, E. S. Dickins, G. A. Elliot, A. S. Hughes-James, B. W. Johnston, O. L. Jones, S. F. Lettner, J. G. Mervyn, W. A. Morrison, T. A. Robertshaw, Col. D. C. Unwin, Simon, J. B. Smith, H. J. Van Ackeren and R. H. Wilson.

The necessary notice of motion has been made to bring in a new constitution. H. S. Harrison

Newton Sales Up This Year

B.C. Tree Fruits sales of extra-fancy Newtons to the United States are reported heavier than last year.

However, since raising prices for extra-fancy Red Delicious, movement to U.S. markets has slowed down.

The agency is now sold out of extra-fancy cell packs of Red Delicious, and the remaining stocks of trays are "much lighter" than in 1959. These stocks are made up of sizes 125s to 150s, and Tree Fruits says it does not anticipate any difficulty in clearing these.

Winesap sales are approximately the same as last year. As remaining stocks of Red and regular Delicious become lighter, the Washington market is "firming."

However, in view of the heavier holdings of CA apples this year, and the comparatively low prices in eastern growing districts, the Winesap market is not expected to show any strength above present price levels "for the time being."

The boundary line between West and East Germany cuts through villages and farms and, near Helmstedt, bisects a salt mine.

Red Cross Body Could Dissolve

PEACHLAND—Residents of this community will be given "one last chance" to retain the present Charter for the Red Cross branch.

A meeting has been scheduled for Feb. 2 in the library, and spokesmen say unless there is "ample evidence" of support at that time, the body will disband.

Active members of the society branch have expressed disappointment over the public apathy toward the organization.

The group has for many years sponsored a water safety program here, and has been called on "many times" to assist families and individuals in emergencies.

First-aid equipment has also been provided for the district, and maintained in the Municipal Hall for use in case of accident.

DISTRICT DRIVER CHARGED IN MISHAP

Minor traffic tie-up resulted from motor vehicle accident Friday at the Pandosy-Strathcona intersection. Shown is auto allegedly driven by Lawrence Gordon Steinke, Graham Road, which "rear-ended" pickup truck operated by Harry George Rashke, 614 Cornation. Steinke has been charged by RCMP with driving without due care and attention.

Real Estate Business Well Over \$2,500,000

The Okanagan Mainline Real Estate Board did over \$2,500,000 of business during the past year. This was disclosed at the annual meeting of the Kelowna and District Real Estate Board held this week. The OMREB comprised real estate agents in the four major cities in the Okanagan.

The group was organized less than a year ago.

NEW OFFICERS
R. D. Knox, a former alderman and prominent real estate agent, was elected the new president, succeeding Maurice Melkie. Rex Lupton was chosen vice-president; Charles Williams secretary treasurer, and William Jolley and Peter Schellenberg, directors. Past president Melkie is also on the directorate.

R. H. Wilson and C. D. Gaddes have been appointed to represent the local group on the Okanagan Mainline body. The latter organization will hold a meeting at the Aquatic on Feb. 10.

The local and valley organizations are affiliated with the B.C. multiple listing service.

They were formed with a view of giving top-notch service to clients. Under this scheme an individual, whether he wishes to buy or sell a house or property, residential or commercial, can obtain the services of the various real estate firms throughout the province.

R. D. KNOX

SEVEN-DAY TERM FOR B & E, THEFT

A Vernon man, convicted here on two charges of breaking and entering and theft has been sentenced to seven days in jail.

Jack Powell, 22, was also ordered to post a \$500 bond in each case, and keep the peace for 18 months. Earlier this month Powell pleaded guilty to the two charges.

The indictable offences made the Vernon man liable to a total of 28 years in prison.

Bank Demolition Will Start Soon

Demolition of the present Bank of Montreal building will probably begin before the end of March, J. L. Walker, assistant general manager of the bank at Vancouver, told The Daily Courier Friday.

Mr. Walker, recently appointed to his position from Montreal, was making his first official visit to the Okanagan. He was accompanied by George Scott, assistant superintendent, and R. Allan, industrial services branch. They were guests of honor at a reception at the Aquatic given by the Kelowna manager, F. R. G. Farrell.

Mr. Walker said tenders would be called for the new building "just as soon as our architects can finalize the plans." This, he said, may be well before the end of February.

Speaking of the new building he said: "It will be the finest bank in any small B.C. city and it would be the most modern in the province." He believed architecturally, it would be a big asset for the city.

Physical Advisors Will Speak To PTA

"Physical fitness and health" will be the topic for discussion at the general meeting of the Kelowna Elementary PTA Tuesday.

The meeting will be held at 8 p.m. in the lunch room, Kelowna High School.

Keith Maltman, provincial government recreational consultant will address the body, and Mrs. J. B. Cooper, physical fitness instructor will have her classes give a demonstration in rhythmic exercises.

BY MARCHING COUNTERPARTS

Polio-Stricken Mother Assisted

It always happens to somebody else.

This feeling is far to rampant when it comes to polio, say Kinsmen officials, sponsors of the Mothers March, to be held here Feb. 1.

The goal for the drive in this district is \$4,500, and these funds go to projects all over the province.

So when the marching mother calls at your door, remember—this could happen to you.

Can you break the shell of a raw egg?

This simple every day procedure was beyond the physical capacity of Mrs. Robert Scribner, 30, 5230 Ontario Street, Vancouver, not long ago.

Mrs. Scribner, who resides with her husband and one child, Gordon, 7½, in a neat apartment house was stricken with polio in 1953, before the advent of Salk Vaccine. The disease caused severe disability of her arms and hands, making it impossible for her to do even the minor homemaking tasks. Unable to dress herself, she was unable to care for her son.

Now after long months of hospitalization and treatment, the petite, perky housewife has recovered sufficiently to handle many of her household duties. She is able to use her left arm and hand and has some use of her right arm and hand.

The Kinsmen-sponsored B.C. Foundation for Child Care, Polio-myelitis and Rehabilitation has been assisting Mrs. Scribner along the road to recovery and independence. In 1954, the foundation provided funds for special treatment that she required and assisted with the cost of her medical care during Mrs. Scribner's hospitalization at the Vancouver General Hospital.

Mrs. Scribner then spent many months in an iron lung in Pearson Polio Pavilion and after progressing favourably was discharged to her family in 1956. Plans were made beforehand for a respirator to be installed in her home upon her arrival there.

SUPPORT SERVICE
VANCOUVER (CP)—City council here has given its support to a suggested air service line between Vancouver and Nanaimo. Casidair has an application for such a service before the Air Transport Board currently meeting in Victoria. Council policy forbids endorsement of individual applications, but agreed the link would be useful.

INCREASE APPROVED
VANCOUVER (CP)—Council here has agreed to increase the price of semi-annual car inspections to \$1.10 from \$1. The extra revenue will be given to the Vancouver Traffic and Safety Council, up to a limit of \$20,000 annually. The Safety Council has agreed to drop sales of their safety seats.

This equipment was provided by the foundation to aid Mrs. Scribner in resting more comfortably at night. A wheelchair and other special equipment were also provided by the Foundation for Mrs. Scribner's use at home.

Aware that Mr. Scribner was confronted with financial problems resulting from his wife's illness, including the expense of having his small son cared for while he was at work, the foundation gave financial assistance to the family.

Recently, under the foundation's sponsorship, Mrs. Scribner attended the G. F. Strong Rehabilitation Centre for a period of physiotherapy, occupational therapy and training in household activities in which she showed considerable dexterity.

With the help of various devices and gadgets, Mrs. Scribner can dress herself and manage her home quite well. She is also able to devote attention to her family. To make her work easier, the foundation has provided Mrs. Scribner with various lightweight appliances and a mobile utility table.

Mrs. Scribner was one of 993 disabled persons assisted by the foundation in 1959 to become independent, productive members of society. Although the foundation is continuing its work in the polio field by sponsoring Salk Vaccine programs and assisting polio victims, the rapidly expanding program covers services in practically all aspects of prevention and rehabilitation of the physically disabled. The foundation's services are not duplicated by other agencies.

TOTE FOR THE TROPICS

By TRACY ADRIAN

Set for the south? If so, here's a tote bag that will take you right from the beach to cabana or cocktail parties. Deep enough to hold all the requirements of a day in the

sun, it is also a handsome accessory. The bag is of Milan woven with an inset of matching hemp inter-woven with multi-colored straw in a tapestry effect. Double handles add comfort and make it especially right for vacations.

Women

Hospital Benefits Enormously From Junior Hospital Auxiliary's Drive

Since 1953 the Junior Hospital Auxiliary of approximately 50 members has purchased \$15,000 of new equipment for the Kelowna General Hospital. This is a wonderful effort for such a comparatively small group, and must have meant a real effort during the past six years.

The current project of the Junior Hospital Auxiliary is the purchase of 20 bassinets for the maternity wing of the hospital, at a cost of \$300 each. Already twelve have been delivered to the hospital.

The auxiliary are busy preparing for one of the winter's big social occasions, their annual Valentine Ball. Proceeds from this will go towards the purchase of the remaining eight bassinets. The Ball will be held on February 12, from 10 p.m. to 1:30 a.m., at the Canadian Legion.

The committee formed to organize the Valentine Ball are: co-chairmen, Mrs. W. Crooks and Mrs. J. Bennett; tickets, Mrs. T. Walker; decorations, Mrs. G. Tozer and Mrs. J. McPherson; refreshments, Mrs. W. O'Donnell and Mrs. R. Prosser; prizes and favors, Mrs. J. Kelly; table reservations, Mrs. L. Leahley; and publicity, Mrs. H. M. True-man.

Any member of the auxiliary or Long's can be contacted for tickets, and anyone wishing to make a table reservation is asked to call Mrs. L. Leahley, PO 2-2893.

Ok. Centre Guild Successful Year's Work Reviewed

OKANAGAN CENTRE — The annual meeting of the Okanagan Centre Circle of St. Margaret's Guild was held on Tuesday afternoon at the home of the president, Mrs. B. F. Baker. Seven members were present; also attending was the rector of the parish, the Rev. A. Jackson who opened the meeting with a devotional service.

The last year's work was reviewed and the financial report read by the treasurer, Mrs. S. J. Land was adopted.

The election for the coming year, returned Mrs. Baker to the chair, Mrs. Hilda Cheesman as vice-president and Mrs. Land as secretary-treasurer.

The hostess served tea during a social period.

WINFIELD

WINFIELD — Recent visitors at the home of Mrs. B. Cordett were Mr. and Mrs. H. King of North Surrey B.C. and Mr. W. I. Smith of Sacramento, California, present visitor is Mrs. M. Ferguson of Alberni B.C. who plans to visit with Mrs. Cordett for a few weeks.

Canadian Women Like High Fashion Hats From Britain

LONDON (CP)—H. W. Barratt, president of the Millinery Institute of Great Britain, says Canada was the principal overseas buyer of British-made women's hats in 1959.

Nearly \$1,500,000 worth of hats was exported to Canada during the year and more than \$1,000,000 worth to the West Indies, the Scandinavian countries and Holland.

Canada has been a major buyer of British hats for 30 years, and officials agree that 1959 was one of the most successful years ever.

"Our hats are becoming very popular in Canada," said Barratt.

High fashion hats, the bane of the average husband, were most in demand. Even the higher priced hats by designers did not deter Canadian women. Barratt said the United States is the only country other than Britain that sells hats in quantity to Canada.

GLENMORE

GLENMORE—It was revealed at the Wednesday night meeting of the Glenmore Circle of the First United Church that during the past year approximately 140 lbs. of new and used clothing were shipped by the group for overseas relief. Supply convener Mrs. Olive McIntyre, headed several work parties throughout the year, mending, sorting and finally mailing the large parcels, which included a number of hand-knitted baby garments and afghans.

Social Convener, Mrs. W. J. Strachan, reported a busy year, with the Circle catering to four suppers at the church hall, and assisting in several teas. Throughout the year an interesting program of study was planned by Mrs. R. T. Pike, with the members assisting in the devotional.

President Mrs. Louva Hecko thanked the 1958-59 executive and welcomed the crew slate of officers. The members were very pleased to have Mrs. Hecko continue in her present office for 1960, with Mrs. Gordon Spencer as vice-president and literature convener. Mrs. P. O. Suter is the new treasurer, Mrs. A. A. Hale is supply convener for the Circle, as well as for the Women's Federation, and Mrs. W. J. Strachan is social convener. Friendship convener is Mrs. J. H. Hayes, with Mrs. E. J. Strachan and Mrs. R. T. Pike on the planning committee. The meeting was held at the home of Mrs. J. H. Hayes.

Mr. and Mrs. Ian Greenwood entertained at their Dilworth Crescent home on Saturday night following a tobogganing party on the Golf Course hill.

Scoutmaster Gordon Spencer took his troop of Glenmore Scouts on a sleighing party last Tuesday evening, in place of holding the regular weekly meeting.

DAILY COURIER HOUSE OF THE WEEK

PLAN NO. RCB-1424

FLOOR AREA: 1424 SQ. FT.

For a practical family home that incorporates everything a growing family needs without sacrificing appearance, we recommend this lovely three bedroom home. The living room which is located on the front of the house, features an

inside fireplace wall for easy furnishing. If you are looking for a plan to fit that front to back sloping lot, this is the plan for you. It has a frontage of 52' and an overall area of 1424 square feet; and is designed to meet regulations of N.H.A.

You may obtain working drawings from the Building Centre, 116 E. Broadway, Vancouver 10. Send 25c to cover cost of mailing our plan book "Select Home Designs"—new edition available.

FIRST AID TO THE AILING HOUSE

By ROGER C. WHITMAN

DRY WALL SPLIT AT JOINTS
QUESTION: The dry wall in my home has split at the joints. What is the best method of repairing this?

ANSWER: This is probably due to the joints not having been reinforced. Clean the joints, then apply a sizing of thin varnish or shellac. Fill the joints with the special cement recommended by the dry wall manufacturer, or use plastic paint-mixed thick. Cover the filled joint with a special perforated paper (two to three inches wide, available building supplies dealer), pressing this into the cement. The perforated paper tape is not available, a strip of insect screening can be used instead.

STAINED ALUMINUM DOOR
QUESTION: Our aluminum door is stained from plastering. Could it be cleaned?

ANSWER: Aluminum polishes and cleaning agents are now available at housewares and hardware stores; follow instructions on the container carefully. Or rub lightly with fine steel wool and kerosene, being very careful of fire hazard; after cleaning, apply very thin coating of kerosene, which will evaporate and leave protective film on surface of aluminum.

REMOVING ROUGH PLASTER
QUESTION: Is there any way to remove rough plaster from walls? This is extremely rough (the vogue for Spanish-type plaster of about 30 years ago). The plaster is as good as ever, and it seems impossible to get it off.

ANSWER: For extremely rough plaster walls, the projecting points can be cut down by rubbing with a hamdrum block, available at paint and hardware dealers. Continue the rubbing with the block or with coarse sandpaper wrapped around a flat piece of wood, until the desired smoothness is obtained. An

electric sander will save you a lot of time and "elbow grease."

CLAY STAINED FLOOR
QUESTION: We have a new home. In the spring water came into the basement, as it was not yet filled in around the house. We have a nice smooth basement floor, but it is stained from the red clay. Scrubbing with soap and water doesn't take it all off. Is there something we could try that would not ruin the floor?

ANSWER: Try scrubbing with a stiff brush and a strong solution of trisodium phosphate or washing soda and hot water (I assume you have a concrete basement floor), rinsing well afterwards with clear water to remove all trace of the cleaner.

REMOVING WAX AND POLISH
QUESTION: Our mahogany furniture is nearly 20 years old and has layers and layers of wax and furniture polish on it. It is dirty and much darker than it should be. Washing hasn't helped. What can we do to remove the wax and polish?

ANSWER: A nationally-known manufacturer of polishes and waxes makes a combination cleaning and polishing compound that works very satisfactorily. It is available in housewares and hardware stores, as well as at paint dealers.

DULL CONCRETE FLOOR
QUESTION: The colored concrete floor in our basement looks bright when damp after washing; when dry, it's dull. Is there any way to brighten it without painting?

ANSWER: If the concrete isn't

UK Starlings Get The Bird

BIRMINGHAM, England (CP)—Birmingham city hall has a new color scheme — grime-grey instead of grey streaked with white.

The white streaks are disappearing because—after years of trying—experts have found a way of stopping starlings from roosting on the council house.

The formula is copper wire mesh and zinc. These materials are used to seal off cracks and crevices in the walls where the starlings used to gather.

The only remaining snag is how to drive the birds away from the city centre.

The authorities, driven to desperation, had tried bells, stuffed owls, rattles, fake snakes, supersonic whistles that set up responsive howls from the city's canine population, electric shocks and floodlit perches. Comedian Spike Milligan suggested rice pudding and catapults.

CANADA-ITALY FLIGHTS

MONTREAL (CP)—Canadian Pacific Airlines will inaugurate the first direct Canadian air service between Canada and Italy March 4. Connections for the Bristol Britannia service will be made with CPA transcontinental flights between Vancouver, Winnipeg, Toronto and Montreal and with flights from South America and Mexico.

We have a complete line of **HOT WATER HEATERS** to accommodate every family's need.

New Opportunities

as Radio and Teletype

Technicians with the

Canadian Army

Because the Canadian Army has
been assigned additional respon-
sibilities in National Survival,
there is an increase in career
opportunities, particularly in The
Royal Canadian Corps of Signals
for young men interested in be-
coming:

Operators (Radio and Teletype)

Technicians (Radio, teletype, ter-
minal equipment, generators,
motors and other electrical and
electronic equipments)

Linemen (Constructing and main-
tenance of line, cable and anten-
nae systems)

Think of all these advantages:

(1) A well paid job with a future

(2) Opportunities for advance-
ment, travel and adventure

(3) Many additional benefits.

You must be 17 to 35, fit and able
to meet Army enlistment stan-
dards. You can get full details by
calling, or mailing this coupon to
your local Army Recruiting Sta-
tion.

All Set For Monday... Good Luck Canadians

Mighty Sugar Ray Beaten As Pender Pulls Neat Upset

BOSTON (CP)—Paul Pender, an obscure Irishman who could barely make the ranks of leading contenders, pulled a staggering upset Friday night with a split decision over the once - great Sugar Ray Robinson to capture the two-state world middleweight boxing crown.

The 29-year-old fireman absorbed the best punches the crumbling champion could summon and piled up points with a dance-and-jab attack over the 15 rounds. The rangy, dark-haired challenger was a 5-to-1 underdog.

It was sad to see Sugar Ray, 39, one of the game's most brilliant boxers, calling on stamina and reflexes that had disappeared with age. He was only a shell of the man who won the world middleweight and welterweight

championships five times. Pender, from suburban Brookline, is recognized as king by the states of New York and Massachusetts. The National Boxing Association stripped Robinson of recognition for inactivity after he beat Carmen Basilio for the title 22 months ago. The NBA rates Gene Fullmer of Ogden, Utah, as champion.

PENDER'S PLAN

"I knew if I could get past the fifth round I'd be okay," Pender said. The difference was "my speed, and I kept him missing."

Robinson, who has knocked out 92 victims during his 21-year professional career, said: "I just didn't seem to get going."

Interjected George Gainford, Robinson's manager: "I think we gambled too much waiting for

Russians Notch First Fixture

FORT WILLIAM (CP)—The touring Moscow Selects hockey club Friday night scored the first victory of their current Canadian visit, whipping the Lakehead senior all-stars 8-3.

The victory gave the Selects a 1-3 record in four games against Canadian teams. Their next game is at Kelowna Monday.

Speedy forward Vacheslav Orlov scored three goals—all during the third period—to pace the Russian attack. Slava Starshinov added two goals, while Boris Mayorov, Viktor Tsyplakov and Krilov added singles.

Ken Harris, Tom Nachuk and John Irving scored for the outclassed Lakehead team, chosen from players with Fort Arthur Bearcats and Fort William Beavers of the two-team Thunder Bay senior league.

The Selects got off to a 1-0 lead in the first period on a fluky goal by Mayorov, whose weak shot trickled past Lakehead goalie Bert Brooks. The teams divided four goals in the second period before the Russians erupted for five in the third.

Brooks made 31 stops while Yury Ovchukob in the Russian nets stopped 25.

STANDINGS

	W	L	T	Pts.
Vernon	12	1	1	25
Kelowna	7	5	2	16
Kamloops	5	7	1	11
Penticton	1	12	0	2

It was the first of two last games before the Vernon team meets the Moscow Selects in Kelowna Monday night.

Vernon plays Kelowna in the second tilt 8:30 tonight in Memorial Arena.

All memories of humiliating losses this season faded away for the Packers during the 60-minute contest as they put up a fight far superior to any.

Down 3-2 after the second period, the Packers notched the only other marker of the game and matched strides with the league-leading Canadians for the remainder of play.

Vernon fans last night were treated to the hottest Okanagan Senior Hockey League game this season.

About 1,100 of them watched a refreshed Kelowna Packers' club battle to a 3-3 overtime tie with the Canadians.

Lariviere stopped 37 shots while notched their first at 8:41 of the first period, with Boychuk combining with Howard and Red Boscha. Boychuk put them further in front as he bounced one off Kamloops' defenceman Matheson.

Vernon scored the first goal at 5:51 of the first period as King broke through centre, and fired a hard shot that struck Lariviere's skate and rolled in.

Twenty-three seconds later a three-way passing play among Mike Durban, Young and Jones saw Jones lift one high into the net over McLeod.

Kelowna took a 2-1 lead in the period as Roche converted line-mate Jim Middleton's pass at 18:41.

Vernon evened the score in the second through Bidoski, who flashed a high angular rocket over Lariviere's shoulders at 6:56. Trentini put Canadians ahead with a shot off a Kelowna defenceman at 13:32.

Vernon held the eager Packers at bay until 15:31, when Tom Stecyk went to the penalty box and Young flipped Durban's rink-wide pass over McLeod.

Vernon took four of the seven minor penalties.

SUMMARY

FIRST PERIOD

1—Vernon; King (Bidoski, Swarbrick) 5:51

2—Kelowna; Jones (Durban, Young) 6:14

3—Kelowna; Roche (Middleton) 18:41

SECOND PERIOD

4—Vernon; Bidoski (King, Swarbrick) 6:56

5—Vernon; Trentini (Agar, King) 13:32

Penalties — Kimbley, Blair (minors) 4:01; Schmidt (minor) 10:50; Jones (minor) 18:33.

THIRD PERIOD

6—Kelowna; Young (Durban, Jablonski) 15:31

Penalties — Kimbley (minor) 3:14; Morgan (minor) 9:58; Stecyk (minor) 13:53.

PENTICTON (CP) — Kamloops Chiefs rammed in two goals in the last seconds of play Friday night to post an 8-7 win over Penticton's hard-luck V's before 505 Okanagan Senior Hockey League customers.

The Chiefs tied the score twice. Then, trailing 7-6 with 30 seconds to go, they pulled their goalie and scored twice, the last coming with only four seconds of play left.

A five-goal outburst by centre Buddy Evans led Kamloops. Larry Berg, with two, and Gordon Matheson added the others. It was Ralph Boychuk with a pair, Jackie Howard, Walt Pucanoh, Yogi Kraiger, Bob Parker and Don Slater for the V's.

Penticton scored two unanswered goals in the first, matched the Chiefs' three-goal output in the second and then were out-gunned 5-2 in the final stanza.

The V's opened with a rush and

BIG RALLY

In the second period, Penticton made it 3-0 as Howard socked home a rebound. Rallying strongly Kamloops evened the count as Berg scored, followed by Evans with a pair. The V's again took the lead as Peacock scored unassisted and Kraiger and the V's tied down to protect the one-goal margin.

Penticton scored again early in the third, with Parker counting on a shot into an open net to make the score 6-3. The Chiefs again drew even with six minutes left—Evans notching twond Matheson one.

At 11:16 Don Slater deflected a shot by Parker past the Kamloops' netminder and the V's settled down to protect the one-goal margin.

With time running out, the Chiefs pulled their goalie and Evans scored his fifth of the night. Seconds later Berg added the big one.

Penticton outshot the visitors 48-41 Kamloops took six of the eight penalties.

New York's Big Guns Not Producing Says Alf Pike

By MARVEN MOSS
Canadian Press Staff Writer

Any ideas about what's ailing the New York Rangers?

Alf Pike, coach of the cellar-dwelling National Hockey League club, thinks the trouble is an offensive weakness.

"We'll start to move when our big guys start producing," he said in Montreal Thursday in a tone that might have indicated more hope than optimism.

It was an obvious reference to sub-par performances this season by rightwingers Andy Bathgate, a 40-goal scorer last year and Andy Hebertson, a 33-goal man.

With the current campaign two-thirds completed, Bathgate has 17 goals and Hebertson 11, leaving both eight tallies shy of their marks at this point last year.

Smoke Eaters Win 10-5 Over Warriors

TRAIL (CP)—Trail Smoke Eaters came on strong in the final two periods to humiliate Rossland Warriors 10-5 in a Western International Hockey League game Friday night before 1,204 fans, most of whom were helping celebrate the start of Minor Hockey Week in Canada.

Gerry Penner sparked the Smoke Eaters with four goals. While centre Ad Tambellini triggered three. Singles came off the sticks of Frank Turk, Don Fletcher and Gordie Robertson.

Warriors in a ruckus were Puckie McIntyre, with two, Owen Malley, Bud Andrews and Primo Secco.

Trail led 2-1 at the end of the first period and increased the lead to 4-3 by the end of the second.

EARLY GOAL

Penner got the Smoke off on the right foot after only 2:35 when he batted home Leonard's pass from behind the net. McIntyre evened the count minutes later with his fourth—closed out the Smoke's up 2-1.

McIntyre tied the score once more early in the second until Tambellini put the Smoke Eaters in front to stay. Penner and Secco closed out the period scoring.

Turk scored from a scramble Fletcher on a breakaway and Malley on a rebound to give Trail a commanding 6-4 lead.

Tambellini slipped in two quick goals, both on passes from playing coach Bobby Kromm to provide the icing on the cake. Andrews, Robertson and Penner with his fourth—closed out the game scoring.

The Smoke Eaters outshot Rossland 40-31 and took 10 of the 12 penalties.

FAMED TRAPPER DIES

EDMONTON (CP)—Edward Clausen, 74, of McMurray, Alta., widely-known trapper and prospector, has died in hospital here, at 12:01 Sunday.

Bob Solinger Joins Detroit

DETROIT (AP)—Detroit Red Wings said Friday Bob Solinger, 34, will join the team temporarily for Saturday's National Hockey League game with Montreal. He will fill the vacancy left by the illness of Ted Lundie, out of action the last week.

Solinger played the last four seasons with Hershey Bears of the American Hockey League. He will join Edmonton Flyers in the Western League after the Red Wings-Canadians game.

Lundie is expected to rejoin Detroit Sunday.

Facts, Figures Tallied For Big B.C. Bonspiel

By WALTER HOBBS
(Drawmaster)

With the British Columbia Bonspiel set for Kelowna February 8 to 10 here are a few facts and figures of what will happen.

So far a total of 57 rinks have entered with 10 more zone winners yet to enter and 13 others in the process of making rinks.

This makes a total of 80 squads which means 320 curlers will toss 1,962,000 pounds of granite, in the shape of curling stones, down the ice. In round figures this would be almost 1,000 tons.

By the same token these same male members, who would just not dream of sweeping the kitchen floor if the good wife asked them, think nothing of sweeping 303,360 square feet of ice surface, that is presuming he sweeps one-third of the distance from the first hog line to the house on each rock.

The word "yep," which means sweep, and the word "Whoo," which means leave it alone, will be used at least three times on every shot or a total of 55,680 times.

Is that all? Nope—These same players will walk approximately 1,896,000 feet of which most of it will be done by the second and lead.

The drawmaster and ice-maker will work 18 hours per day for at least five days or a total of 90 hours. They should probably join a union.

Flyers Trim Totems 4-2

By THE CANADIAN PRESS

Determined Seattle Totems defeated Edmonton Flyers 4-2 Friday night but got no closer to Vancouver Canucks, long-time leaders of the Western Hockey League.

The Canucks downed Victoria Cougars 6-1 to preserve their five-point lead over Totems. Winnipeg Warriors took over fifth place from Calgary Stampede by defeating them 4-3.

Totems scored three unanswered goals in the first period before Edmonton came back with a pair in the second. Seattle picked up the fourth goal in the final period.

Gerry Leonard, Jim Powers, Bill MacFarland and Tommy McVie scored for Seattle. Hugh Coffin and Roger Dejordi, for Edmonton.

Persistent checking and steady shooting paid off for Vancouver against the third-place Cougars. Canucks scored five unanswered goals before Victoria tallied.

Gordie Voljpara, Danny Bellale, Bruce Carmichael, Dave Duke, Ron Hutchison and Larry Culhan scored Canucks' goals and George Ford was Victoria's marksman, in the second period.

Canuck superiority was reflected by Marcel Pelletier's fine performance in the Victoria nets. Pelletier blocked 14 shots in the first period, 16 in the second and nine in the third for a total of 39—10 more than were handled by Hank Bussen at the other end.

WINS PLAYOFFS

The Mrs. Millie Topham rink beat out the Ida Topham squad last night in Peachland to enter the Zone 5 playoffs February 5.

Teams from most points in the South Okanagan will compete in the Zone 5 playoffs.

Millie Topham is a sister-in-law to Ida.

VISITING VANCOUVER

On Business?

Many wise business travellers are finding that The Ritz offers a truly relaxed atmosphere combined with a handy business location.

Located next door to Vancouver's largest office building, right in the city's business district, The Ritz offers comfortable suites with rooms large enough for meeting or display purposes at prices which are within your budget.

You'll find that The Ritz is economical too!
